This document is provided "as-is." Information and views expressed in this document, including URL and other Internet Web site references, may change without notice. This document does not provide you with any legal rights to any intellectual property in any Microsoft product. Some information relates to pre-released product which may be substantially modified before it's commercially released.

Note: A dot (•) indicates that the rights to benefit from the feature are specifically conveyed through the license. Microsoft 365 E5 Compliance, Microsoft 365 E5 Information Protection and Governance, Microsoft 365 E5 Insider Risk Management, and Microsoft 365 E5 eDiscovery and Audit are supplemental (add-on) licenses that have pre-requisite license requirements and convey only the rights to benefit from underlying features (e.g. Microsoft 365 E5 features), which must be licensed separately.
